

Harry And The Potters "I Am A Wizard"

I'm a lonely boy
I live beneath the staircase
My cousin is real fat
He makes my life a sad state

The Dursleys are my guardians
They are so mean and evil
If only I had some magic powers
Surely I could make them tremble

Four Private Drive
is where I lay my head
I wish that I could go
to another place instead

I am Harry Potter
I am Harry Potter

Today I got a letter

in the mail
My uncle took it right
away from me

But more and more kept coming here
The letters jammed the living room
So they took me to a hotel
and on my eleventh birthday I finally

Saw the writing on the card
and it said

I'm a wizard
I'm a wizard
It said
I'm a wizard

Oh, I am Harry Potter
I am Harry Potter
