Your blood may be pure,
But your heart is spoiled
You wouldn't be so tough without Crabbe and Goyle
Malfoy wouldn't be so cruel if I wasn't around
I'm his enemy in school,
He really wants to get me down

Draco Malfoy, what's your problem?
All your friends think you're rad
Cause you treat me so bad
Draco Malfoy, what's your problem?
All your friends think you're rad
Cause you treat me so bad

You think you're so cool cause you're Slytherin Seeker
You're only that good 'cause you're a dirty cheater
You hate Muggle-borns like Hermione Granger
I wouldn't be surprised if you became a Death Eater

Draco Malfoy, what's your problem?
All your friends think you're rad
Cause you treat me so bad
Draco Malfoy, what's your problem?
All your friends think you're rad
Cause you treat me so bad
Draco Malfoy, what's your problem?
All your friends think you're rad
Cause you treat me so bad
Draco Malfoy, what's your problem?
All your friends think you're rad
Cause you treat me so bad
