Two weeks of my summer left  
I got them all to myself  
Two weeks of my summer left  
No Dursleys to worry about

And I got a room at the Leaky Cauldron  
The Ministry of Magic gave it to me  
I can go to diagon alley  
And buy magic stuff with my parents' money

I got two weeks of my summer left  
Got them all to myself  
Two weeks of my summe left  
No Dursleys to worry about

I could buy a game of Gobstones  
I could buy a model of the galaxy  
So that I'd never have to study  
Astronomy again  
I could buy the firebolt  
And be the hippest kid that ever payed Quiditch  
Yeah, I could buy all that stuff  
But I should save my inheritance

I got two weeks of my summer left  
Got them all to myself  
Two weeks of my summer left  
No Dursleys to worry about

Two weeks of my summer left  
Got them all to myself
