Ev'ry morning when sun is dawning  
You'll see him down on the beach.  
Look out girl beware better  
Take good care keep yourself out of reach.  
He's out to make a killing girl

He's out to make a score and maybe  
If you're willing girl

He's gonna ask for more.

Oh  
oh figaro he's got magico  
oh.  
dh  
oh figaro he's a romeo  
oh  
See him down on the beach  
He'll be looking for someone new  
Searching down on the beach

Figaro  
tigaro.

When he plays guitar at the disco-bar  
he's the star of the show  
As the girCs go by he just winks an eye  
See the pretty girls glow.  
He's out to make a killing girl

When dancing on the floor and maybe  
If you're willing girl

He's gonna ask for more.

Oh  
oh  
figaro he's got magico  
oh  
...
