Save time to collect my fortune
Paid upon arrival
But I don't know where I'll be goin
I'm travellin survival
Aw, girl
When I get there
If it ain't for free
I want you to know there's
Nobody like you to me
I've been scarred by my commitment
To tell them what I see
But I can't see that i've
Been blinded
By mediocrity
Aw, girl
If I dare
To change what it should be
I want you to know there's
Nobody like you to me
Maybe I should take it easy
Seems I'm the only one
But you won't let me rest my conscience
'till all I know is done
Aw, girl
If I care
Enough to disagree
I want you to know there's
Nobody like you to me
