If your whole life somehow
Wasn't much 'til now
And you've almost lost
Your will to live
No matter what you've been through
Long as there's breath in you
There is always one more time

If your dreams go bad
Every one that you've had
Don't you think that your dreams
Can't come true
Because it's funny about dreams
Just strange as it seems
Because there is always one more time

Turnin' corners
Turnin' corners
Only a state of mind
Only a state of mind
Keeping your eyes closed
Keeping your eyes closed
Worse than being blind
Worse than being blind
If better a heart out there
If better a heart out there
Looking for someone to share
Looking for someone to share
I don't care if it's been
I don't care if it's been
Turned down time and time again
Turned down time and time again
And if we meet some day
And if we meet some day
Please don't walk away
No, no don't walk away
'Cause there is always always one more time
One more time
'Cause there is always one more time.
