Oh! ain't that sweet
It's so delightful when two
Rightful lovers meet
Oh! ain't that sweet
When hand in hand they finally
And in paradise
Oh! ain't that cool
When cupid's arrow hits
The marrow of a fool
For better or for worse
For poorer or for rich
They'll never know a curse

And they'll never feel an itch
They're in love and ain't that sweet
Oh! ain't that great
They intertwine
The stars align to tell their fate
Oh! ain't that grand
They'll sail along
They a-got a song to beat the band

Oh! Ain't that good
It's so appealing when you're feeling understood
Love is hard to find
And harder still to keep
But with two hearts combined
They're bound to fall too deep
They're in love
And ain't that sweet

Oh! Aint' that good
It's so appealing when you're feeling understood
Love is hard to find
And harder still to keep
But with two hearts combined
They're bound to fall too deep
They're in love
And ain't that sweet
