As I walked this land, step by step  
Never been here before  
From the moment, I walked down the stairs  
I knew, I want more

I cross the land through the woods  
Northbound to the coast  
Wide open skie(s) with stars so bright  
Impressed me most

### CHORUS

People come and people go  
Lost friends, along the way  
We live on, with their past  
Till we meet again, someday

Chorus  
1000 lights, in the night  
To people, who passed away  
Light a candle, on X-mass day  
So in their hearts and minds, they always, will stay

Slot  
1000 lights, in the night, out of sight  
But in hearts and mind, you always will stay, forever
