Our love was no mistake
I'm the one who created all this madness
Today I feel like a frightened child
I let you go, let the flower die in the cold
Crazy night, crazed philosophy
Forget my ramblings, they don't mean a thing
Baby I know, you're the light that guided me
Baby I know, [I know] you will always shine
Baby I know, you are still a part of me
The better angel of my soul
I used to believe in forever more
With quiet arrogance
I would look down at all the others
Now I sit alone in this unforgiving room
With no compromise, no miracles
To save this bleeding heart
Wild pony find eternity

It's the only truth I still believe in
Baby I know, you would run a thousand miles
Baby I know, [I know] to see the sun rise
Baby I know, you're the river giving life
To the angel of my soul
We will always live in each other's heart
We will always live in each other's heart
The angel of my soul
[Angel of my soul]
The angel of my soul
[Angel of my soul]
You will always shine
[Angel of my soul, angel of my soul]
I believe.
