Oh baby I
When I call you darlin'
I will never lose my way
I don't have to worry honey
Cause you were there from the start
We were both two kids living on youth
Life's what happened to us baby
While we're busy making plans
Maybe one reason I can fly this changing sky
Is you have always been there by my side
Baby when I call your name
[Don't you know that]
I will never be alone
Baby when I call your name
[Don't' you know that]
I will never feel alone
Oh yea
The night comes and we've been holding on so long
You don't have to worry honey
Cause I was there from the start
Little things we said
You know they will turn out right
Oh darlin' our love is written by the stars
You know I'll keep searching in the dark
For just baby, just one more light
Hey honey ours is shining brightest tonight
Baby when I call your name
[Don't you know that]
I will never be alone
Baby when I call your name, no

[Don't you know that]
I will never feel alone
Just a little closer baby now
You and I forever and a day
This is the sweetest life
Just a little closer baby now
When I'm holding you in my arms
And we know that love is right
Don't ever worry, don't ever change
Don't you ever be lonely
[Don't ever be lonely]

Baby when I call your name
[Don't you know that]
I will never be alone
Baby when I call your name
[Don't you know that]
I will never feel alone
I will never be alone
When the night comes and we've been holding on so
long
[When I call you darlin']
Baby when I call your name
[Don't you know that]
I will never be alone when I call you darlin
I will never, never be alone
[Baby when I call your name]
Ooh.
