I want cool attitude and virtue
I want cool baby, communication with
I want cool rivers flowing in September
Guiding us towards a cool, cool, cool love
(Forever in this world)
I want to climb the greatest wall of China
I want to be a spirit in Katmandu
I want to know if Van Gogh was a madman
Passion plays out a (cool, cool, cool love
Forever in this world)
You know that I've been searching
For the longest of time
Know that I've been travelling hard
Know that I've been asking
From the heaven's above
Love among the ruins survives
I want resolve baby, for a hundred indecisions
I want to solve - check it out - my choreography
I want chains-ains so I can free them
Emancipation for a (cool, cool, cool love
Forever in this world)
Somewhere in the distance there's a sheltering sky

Maybe I'm not wise enough to know
Somewhere in the distance I've heard angels confide
Let love among the ruins survive
I want to run baby, but I can choose to walk here
I want the sun to shine on darkest days
I want no imbecile fools to screw up our intentions
Of living with a (cool, cool, cool love
Together in this world)
Living with a (cool, cool baby cool love in this world)
Cool, cool love
I want a cool, cool love
[Living with a cool, cool love you know]
[Living with a cool, cool love together]
I want to run but, baby I want to chose to walk here
[Living with a cool, cool love you know]
[Living with a cool, cool love you know]
Living with a cool, cool love you know
Living with a cool, cool love (together)
I want.
