[In the temple of love it's alright
Woman and man and child are free/
In the temple of money it's alright
Woman and man and child are free]
Inside his brain a tom-tom's pounding absurdly tonight
As a mystic talisman fell out from the blue skylight
Each beating drum miracles the wonder of his dream
As he held it in his hands
Revealing colors he had never seen
A simple boy now faced with oceans between?
(Love and money, o no, no, no, no)
Which lucky star shines for me?
(Love and money, o no, no, no, no)
Which is the better to be?
Oh no
And as the indigo night turned to dawn, magic flowed
Suddenly there appeared a pot of shimmering gold
(His tender heart began to quiver
Like a river run wild)
Love's deepest beauty ordained
For this mysterious virgin child
Temptation danced, he reconciled?
(Love for money, o no, no, no, no)
Which lucky star shines for me?
(Love and money, o no, no, no, no)
Which is the better to be?
Oh no
[In the temple of love it's alright
Woman and man and child are free/
In the temple of love it's alright
Woman and man and child are free/
In the temple of love it's alright
In the temple of love it's alright
In the temple of love it's alright
Woman and man and child are free/
In the temple of love it's alright
In the temple of love it's alright]
Many years have passed since the talisman' fall
A thousand lonely nights spent without a lover's call

[lovers call]
Tangled by his greed, salvation light my soul [light my
soul]
Where do the better angles of our nature go?
Like a raw-boned scavenger, he fell down to his knees
Give will to power my lord
Through all your kindred, spirit please
For I believe now love is all you really, need
(Love and money, o no, no, no, no)
Only through love can we be
(Love and money, o no, no, no, no)
Only with love are we free
Only with love are we free?
[Love and money oh no, no, no]
Love and money
[Love and money oh no, no, no]
Love and money
Oh Love and money
[Love and money oh no, no, no]
You better find some love
You better go and find yourself some love
[Love and money oh no, no]
Oh no, no
[Love and money oh no, no, no].
