Just a little more time is all we're asking for
Cause just a little more time could open closing doors
Just a little uncertainty can bring you down
And nobody wants to know you now
And nobody wants to show you how
So if you're lost and on your own
You can never surrender
And if your path won't lead you home
You can never surrender
And when the night is cold and dark
You can see, you can see light
Cause no-one can take away your right
To fight and never surrender
With a little perserverence you can get things down

Without the blind adherence that has conquered some
And nobody wants to know you now
And nobody wants to show you how
So if you're lost and on your own
You can never surrender
And if your path won't lead you home
You can never surrender
And when the night is cold and dark
You can see, you can see light
Cause no-one can take away your right
To fight and never surrender, to never surrender
