To love me just the way i like
You can be my Mr. Right
You can hold me till the morning light

Gonna love you girl with all my might [yeah]
I would walk a million miles just to make you smile
Just to hold your hand
Just to kiss your lips
And feel ya body on mine.
I could be ya king

Get down on my knees with a diamond ring
I promise girl to honor you
Give my heart, my soul, and my life to you
