I had visions, I was in them, I was looking into the  
mirror  
To see a little bit clearer, the rottenness and evil in me,  
Finger tips  
Have memorys  
Mine can't forget the curves of your body,  
And when I feel a bit naughty  
I run it up the flag pole and see,  
Who salutes but no one ever does,

Im not sick but Im not well,  
And im so hot  
Cause im in hell....

Been around the world and found that only stupid  
people are breeding,  
The cretins cloning and feeding,  
And I don't even own a tv,

Put me in the hospital for nerves and then they had to  
commit me.  
You told them all I was crazy,  
They cut off my legs now Im an amputee,  
Goddamn you

Im not sick but Im not well,  
And im so hot  
Cause im in hell....

Im not sick but Im not well,  
And it's a sin,  
To live so well,

I want to publish zines,  
And rage against machines,  
I wanna peirce my tounge  
It doesnt't hurt it feels fine,  
The trivial sublime  
I'd like to turn off time  
And kill my mind,  
You kill my mind.  
My mind...

Paranoia Paranoia everybody's comin to get me,  
Just say you never met me,  
Im running underground with the moles,  
Digging holes,

Hear the voices in my head,  
I swear to god it sounds like their snoring,  
But if your bored then your boring,  
The agony and the irony it's killing me!

Im not sick but Im not well,  
And im so hot  
Cause im in hell...

Im not sick but Im not well,  
And it's a sin,  
To live this well  
Otteness and evil in me
