Hey I'm one big queen no one can stop me  
Red light red green smack back and watch it  
I'm your new one second to no one  
No sweat I'm clean nothing can touch me

I'll tell you my name F U and C K  
50ft queenie force ten hurricanes  
Biggest woman I could have ten sons  
Ten daughters ten queens  
Ten foot and rising

Hey I'm the king of the world  
You ought to hear my song  
You come on and measure me  
I'm twenty inches long

Glory glory lay it all on me  
50ft queenie 50 and rising  
You bend over Cassanova  
No sweat I'm clean  
Nothing can touch me

Hey I'm the king of the world  
You ought to hear my song  
You come on and measure me  
I'm twenty inches long  
Hey I'm king of the world  
You ought to hear my song  
You come on and measure me  
I'm thirty inches long  
Hey I'm king of the world  
You ought to hear my song  
You come on and measure me  
I'm forty inches long  
Hey I'm king of the world  
You ought to hear my song  
You come on and measure me  
I'm fifty inches long  
50ft queenie
