stella marie oh my star
stella marie oh my star
stand on ground look up at her
just hanging in gold stone
just hanging there face froze
but i think i see her smiling
think i see her smiling
think i see her smiling
think i see her smiling
go
go
go
go go
stella marie you're my star
in your blue blue time well you light my lantern
o stella's large (for the life of me I can't quite make this
out)
pink almond face
it's glowing in space
a place for heroes only
place for heroes only
place for heroes only
place for heroes only
go
go
go

go go go go
stella marie you're my star
i pin you to my chest
sell you to the rest
i kiss her gown
send those angels down to woo me now
i think i see her smiling
think i see her smiling
think i see her smiling
think i see her smiling
go
go
go
go go
go

go
go
go go
go
go
go
go go
