I was born in the desert
I've been down for years
Jesus come closer
I think my time is near
and I've travelled over
dry earth and floods
hell and high water
to bring you my love
climbed over mountains
travelled the seas
cast down from heaven
cast down on my knees
I've lain with the devil
cursed God above
forsaken heaven
to bring you my love

to bring you my love
to bring you my love
to bring you my love
you know he's gonna be here
you know he's gonna be here
yeah, alright
forsaken heaven
cursed God above
laid with the devil
to bring you my love
to bring you my love
to bring you my love
to bring you my love
