[Intro]

Yea, and don't be mad cuz im leaving  
cuz  
even though i'll be gone, my heart's always here for  
you  
ain't no need to  
worry about a thing baby  
comon!

[Verse 1]

shes on my case again, my heart  
is beating fast it's a race again  
(we just made love) now i'm thinking how to  
make amends  
now i'm leaving now, so i don't really know how she  
feeling  
now  
crying on the phone, afraid of being deceived

[Bridge]

i'm still your  
man, you can tell me everything that you need (ohhow)  
and, all you gotta do  
tonight is close your eyes and just dream (ooh)

[Chorus]

we can fly away

i-i-aint leaving you

[Verse 2]

im at the clouds, i see an angel  
and i  
can't help but remember your face  
everywhere the sun shines, i see light of  
the day  
oh and the warmth reminds me of your grace

[Bridge]

i'm still your  
man, you can tell me everything that you need, need,  
and all you gotta do  
tonight is close your eyes and just dream  
yeaa!

[Chorus]  
and we can fly  
away  
i-i-aint leaving you

[Verse 3]  
i see you cry, i see a tear drop  
i

can't take your tears so baby please stop  
i understand ur fears just put em  
all aside  
you make my heart beat, im lucky to be alive

and listen baby my  
memories be runnin wild  
with every thought of you, my heart is really sinkin  
down  
i can't take it, i can't knock boo  
i can't shake the feelings that i get  
when im near u

i got a taste, and now im addicted  
and now my love is  
standing out like a misfit  
your heart is the ocean, filled with emotion  
i  
wanna take a swim, and show my devotion

listen to my feelings, surreal is  
your beauty  
seems like a dream, girl it seems like a movie  
i gave her seven  
flowers and six of them were real  
i told her imma love her till the last one  
peels

[Chorus]  
and we can fly away  
i-i-aint leaving you

[Verse 4]  
your  
my girl, and im your man  
let's get together forever and baby hold hands

and  
we can fly away from the night into the day  
ain't nothing in this world that  
can make us seperate  
x2

make us seperate, seperate  
x4

baby you and  
me  
we can fly away  
to the night into the day  
ain't nothing goin away  
hey
