One hope, one family
In the eyes of the deceiver
He locked me in the tower and left me for dead
He even cut off the words that I said

He didn't even tell me who was wrong
Now I know it was me all along
Staying up at night, thinking about it
Now where do I go?

You go to me
You go to me
You go to me
You go to me

Look in his eyes you'll see deceit and lies
Kill him if you can he is no good to man
Kill kill kill kill kill kill
Kill

He sought after me and he will not weep
Come forth and feed him his sheep

He told me that he'd never take my hand
Now where do I go?

You go to me
You go to me
You go to me
You go to me

You go to me
(I go to you)
You go to me
(To you)
You go to me
(I go to you)
You go to me
(I go to you)

Ooh I never thought this day would come
