You are  
Too far away from me  
And I can see your face  
I'm barely breathing

The image of you  
Is shattered in my mind  
And I can't see you clearly  
And I can't see you clearly

Never thought I'd be this far from you  
If only I could feel you near

(If I could only see)  
If I could only see you clearly  
Alone nobody hears my cry  
(If I could only see)  
If I could only see you clearly  
Feeling you near is up to me

I know these thoughts  
Have made me far away from you  
I know I need you  
I know I need you

To make me whole  
To bring me back, to make me whole  
And I know I need you  
And I know I need you

You're my only hope  
(To make me whole, to bring me back)  
I need you now  
(To make me whole, to bring me back)  
You're my only hope  
(If I could only feel you near)  
I need you now

Never thought I'd be this far from you  
If only I could feel you near

(If I could only see)

If I could only see you clearly  
Alone nobody hears my cry  
(If I could only see)  
If I could only see you clearly  
Feeling you near is up to me

Alone nobody hears my cry  
Feeling you near is up to me

Never thought I'd be this far from you  
If only I could feel you near

(If I could only see)  
If I could only see you clearly  
Alone nobody hears my cry  
(If I could only see)  
If I could only see you clearly  
Feeling you near is up to me  
Feeling you near is up to me
