Oh here you are, there's nothing left to say  
You're not supposed to be that way  
Did they push you out?  
Did they throw you away?  
Touch me now and I don't care  
When you take me I'm not there  
I'm almost human but I'll never be the same

Long way down  
I don't think I'll make it on my own  
Long way down  
I don't want to live in here alone  
Long way down  
I don't think I'll make it on my own

I never put you down  
I never pushed you away  
Your not supposed to be that way  
Take anything you want  
There's nothing I could say  
Is there anything to feel?  
Is it pain that makes you real?  
Cut me up before it kills me

Long way down  
I don't think I'll make it on my own  
Long way down  
I don't want to live in here alone  
Long way down  
I don't think I'll make it on my own

I never put you down  
I never pushed you away  
Take another piece of me  
Give my mind a new disease  
And the black and white world never fades to gray

Long way down  
I don't think I'll make it on my own  
Long way down  
I don't want to live in here alone  
Long way down

I don't think I'll make it on my own  
On my own...  
On my own...
