The battle's over  
My heart moves on  
I kept my mouth shut  
While you screamed and cried  
All the lies, all the lies

The battle's over  
My heart moves on  
Stood and took the arrows  
That cut through my heart  
I stood alone, I stood alone

You broke down all my walls  
I'll build them up again

The battle's over now, my heart moves on

Today I stand, to watch you fall  
That's just to say I've had enough  
Not even you  
Can stop me now  
My heart moves on can't stop me now  
X2

My heart moves on  
My heart moves on  
My heart moves on  
My heart
