I can see it comin' on the horizon
Sky turning black, it's raining down
Can't move my feet, cannot be shaken
Not movin', I'm standing strong

And I'm standing so firm
I can't be moved
And I'm standing so firm
I can't be moved

I will stand, I will stand
When everything falls away
I will fight this war forever
Or until I die

I will stand, I will stand
When everyone falls away
I will fight this war forever
Or until I die

All these things coming against me
I have the choice to fall or fight
I cannot be moved, you gave me the strength
Help me fight, help me fight

And I'm standing so firm
I can't be moved
And I'm standing so firm
I can't be moved

I will stand, I will stand
When everything falls away
I will fight this war forever
Or until I die

I will stand, I will stand
When everyone falls away
I will fight this war forever
Or until I die

I will stand, I will stand
When everything falls away

And I will fight this war forever
Or until I die

I will stand, I will stand
When everyone falls away
I will fight this war forever
Or until I die

And I'm standing so firm
(I will stand, I will stand)
On this ground you've sat before me
(When everything falls away)

And I'll fight for this with my last breath
(I will fight this war forever)
(Or until I die)

I'll fight for this until I die
(I will stand, I will stand)
(When everyone falls away)
I can't be moved, I can't be moved
(I will fight this war forever)
(Or until I die)
