Why can't you feel this? Why can't you understand I feel this? This is nothing I can see my reflection in your cheek bone We've been playing out this script in your mind

Here we go with a fresh perspective You'll paint the walls with your stone face tactics

And we'll walk around Eyes on the crowd And don't you think about tomorrow

You shut me out I just don't want to fake it anymore I'm burning out Your motion's empty and you've hit the floor

You shut me out The sweet relief of saying, you shield your heart from breaking Get up, get out now Get up, get out

In the glow of the moonlit serenade Unleash the knowledge of the white collar escapade Speak the words that unlock the truth And you'll paint the walls, and you'll paint the walls

We'll walk around Eyes on the crowd And don't you think about tomorrow

You shut me out I just don't want to fake it anymore I'm burning out Your motion's empty and you've hit the floor

You shut me out The sweet relief of saying, you shield your heart from breaking Get up, get out now

Get up, get out

Why can't you feel this? Can't you understand I feel this?

We'll walk around Eyes on the crowd And don't you think about tomorrow Don't you think about tomorrow

You shut me out I just don't want to fake it anymore I'm burning out Your motion's empty and you've hit the floor

You shut me out The sweet relief of saying, you shield your heart from breaking Get up, get out now Get up, get out

You watched me follow fools to the sea Tie the stones that bring me down below the tide You watched me follow fools to the sea Tie the stones that bring me down and down

You shut me out I just can't live like this anymore I'm burning out It doesn't feel like it once did before

You shut me out The sweet relief of saying, you shield your heart from breaking Get up, get out now Get up, get out
