A shadow forms in my mind  
A vision of a cold forsaken stone  
Shaped as an arc in the grass  
So calm and left alone

A shadow forms in my mind  
A vision of a cold forsaken stone  
Shaped as an arc in the grass  
So calm and left alone

It could be could be could be who we are  
A reflection reflection reflection of what we do

It could be could be could be who we are  
A reflection reflection reflection of what we do

His only friend is a quick chilled breeze  
Says nothing as it whispers bye  
Provides no comfort as the cold stone grieves  
So calm and left alone

It could be could be could be who we are

A reflection reflection reflection of what we do

It could be could be could be who we are  
A reflection reflection reflection of what we do

You have made me beautiful in your sight  
Without you this is what i once was

I remember how my heart was  
Cold and empty without life  
I remember how my heart was  
Cold and empty without life

It could be could be could be who we are  
A reflection reflection reflection of what we do

It could be could be could be who we are  
A reflection reflection reflection of what we do

A shadow forms in my mind  
A vision of a cold forsaken stone
