Bottle of wine makes me feel fine I said baby have a
drink on me
been out all night feelin alright I said baby have a drink
on me

Have a drink on me have a drink on me
have a drink on me hear what i say

Sun in the sky and moon at night I said baby have a
drink on me hammer in hand rock and roll band i said
baby have a drink on me have a drink on me...

and it's in your head you're sleepin on the bed
I said baby don't worry me I said baby let it be

Red bottle of wine drinkin all the time
I said baby have a drink on me

blond hair down to her legs long legs got such nice
pegs I said baby have a drink on me have a drink on
me
rock and roll band
