Yeah when I'm tired and feeling betrayed
show me that you love me baby maybe I will stay
Show the love that you feel inside you're heart

and do you feel the love that I feel for you
in you're heart of hearts do you feel it too

cmon baby show me you love me cmon baby
show me you care
and do you feel the love that I feel for you in you're
heart of hearts do you feel it too

yeah our love is special you know what I mean
and our love is just like a well oiled machine
and I know our love will always be there
so trust in our love baby and show you care

yeah i've been here beside you all the way
and I know that you'll be happy that i've stayed
(you got that right)
so hold me now before the sun goes down
and do you feel the love that I feel for you
in your heart of hearts baby do you feel it too
