Don't speak, your words rush screaming past me.  
I'm bleeding cacophany.  
Won't you, please keep your distance?  
You'll shatter the balance of everything.

And I just can't keep it straight,  
Keep it whole, make it safe.  
And the pieces won't fit,  
I think I might just...

BREAK BREAK BREAK,  
I'm so sick of this pain,  
you just TAKE, TAKE, TAKE  
and you don't leave a thing,  
you're so FAKE, FAKE, FAKE  
I won't fall for it this time.  
I BLAME, BLAME, BLAME you  
for this darkness inside.

Don't be so simple-minded  
You're treating me like a Toy again.  
You should never forget  
I've got sharp teeth  
Under this plastic grin.

And I just can't keep it straight,  
Keep it whole, make it safe.  
And the pieces won't fit,  
I think I might just...

BREAK BREAK BREAK,  
I'm so sick of this pain,  
you just TAKE, TAKE, TAKE  
and you don't leave a thing,  
you're so FAKE, FAKE, FAKE  
I won't fall for it this time.  
I BLAME, BLAME, BLAME you  
for this darkness inside.
