When you cry it makes a sound  
Like knives on porcelain  
It makes me want to seal you up in glass  
It makes me want to peel off your skin  
And I think that on your face, this razorblade  
Would make your tears run red  
Yeah, I'd carve you a new expression  
A souvenir of my affection  
Dollies don't speak, keep your mouth shut  
I'll wrap you up in plastic  
Bet you'd make a pretty little package

Dollies don't speak, keep your mouth shut  
Don't you know you're better off now  
Safer when you're tied up  
Bleached you white as parchment  
Yes! this time it will be perfect  
It won't be much longer now  
Just keep your head down- underwater  
And you'll be with me forever because  
My love is just enough- to drown you in  
I'll substitute your sin for porcelain
