Yeah? Do I look like I care?  
Your fucking scene, it's disgusting

Think in 5 years you're still here?  
This shit. Isn't it ridiculous to you?  
My opinion? Get fucking wasted

Yeah  
I've got my own philosophy  
You  
Have no will of your own

We just stay true to ourselves  
You won't make it  
Won't change our minds  
We have the right to live  
The right to choose

Get along with it  
We fight with our fists until they break  
Get along with it  
We won't follow blindly the shit you did

We will never be the same, no I'll never conform to your  
beliefs

Being special by excluding?  
Your militant movement  
Will never be my way  
It will never be my way

This is no call to arms, but this is food for thought
