"Ass To Mouth Resuscitation"

My mouth is to your ass
My tongue is up your crack
My breath it smells like shit
My teeth are stained black

I begin masturbation, when giving ass to mouth
resuscitation
A sick sensation, ass to mouth resuscitation

Some say it's sick, they don't understand
An ass in your face, makes you a man
No drug makes me feel this way
No matter how many I may take
I can't control this, it is now my turn
Shit on me

Nothing can stop, this fetish I crave
An ass sicko, a shit eating slave

I begin masturbation, when giving ass to mouth
resuscitation
A sick sensation, ass to mouth resuscitation
