When I first saw her, I knew she was mine
All my life, it was only a matter of time
Looking through her window, from her neighbour's tree
Watching her undress, begins to excite me

When I'm lonely, I start stalking, she will be mine
Our love will be forever, she will learn in time

Yes will be your decision, or I will make an incision
You'll start to bleed, don't try crying to me
You had your chance, but my feelings never last

Where, to find, a love, that understands me
They, say I am, an abnormalcy
Now, it's time, for me, to find a bride

It will be, or it's the end of her life
Stalker

Stalking my prey, through the night and through the
day
A sickness you can't control, no matter what you do or
say

Now that it's over, now that you are done
I must find another, and tell her that I love her
I no longer, care what people think
If I am a pervert, or a sick psychotic freak

Yes will be your decision, or I will make an incision
You'll start to bleed, don't try crying to me
You had your chance, but my feelings never last
