Home Â– I know the word  
But where home is  
I do not know

Life Â– I know the word  
But my life failed  
Is this the end?

Drugs!  
My only friend!

Home Â– I know the word  
But where home is  
I do not know

Life Â– I know the word  
But my life failed  
Is this the end?

Friends Â– I don't have any  
Who cares about me?  
Only the drugs!

Condemned to die  
But what can I do?  
I need your help!

Drugs!  
My only friend!  
Help me!

Dreams of life and death  
Are dancing in my mind  
Can you show me how to find Â– the right way?

Home Â– I know the word  
But where home is  
I do not know

Life Â– I know the word  
But my life failed  
Is this the end?

Condemned to die  
But what can I do?  
I need your help!

Drugs!  
My only friend!  
Help me!

Dreams of life and death  
Are dancing in my mind  
Can you show me how to find Â– the right way?

Help me [repeat 4x]  
Help!

Home Â– I know the word  
But where home is  
I do not know

Life Â– I know the word  
But my life failed  
Is this the end?

Drugs!  
My only friend!  
Help me!

Help me!
