Good morning Â– Welcome to your life
First day Â– First kick in your ass
From this day forward it's all the same
Sadness of life crushes at your brain

Fuck! Fuck you! What do you expect?
Paradise? You will see it when you're dead!
It's time to fight now Â– No time to resign

Hiding? Â– No place to hide!
Dreaming? Â– No chance to realize!

It's the hardness of life
No success in sight!

Hiding? Â– No place to hide!
Dreaming? Â– No chance to realize!

Fuck! Fuck you! What do you expect?
Paradise? You will see it when you're dead!
It's time to fight now Â– No time to resign

Hiding? Â– No place to hide!
Dreaming? Â– No chance to realize!

It's the hardness of life
Now it's time to fight
To fight!

Wake up sucker!

It's the hardness of life
No success in sight!
It's the hardness of life
Now it's time to fight
