Life's sicker than you thought
So get up and face the facts
Keep fighting if you have failed
And one day the shit will end - My friend
Tear down the walls
Wake up - Fight back - Demand your life!
Tear down the walls
Wake up - Fight back - Demand your life!
Self - Defence is no offence!
Self - Defence is no offence!
So what!
Fuckin' what!
Like diggers - The face in the dirt
The pressure dwells in your head
Where's your pride - Your will to live?
Try to fight for every breath you take!
Tear down the walls
Wake up - Fight back - Demand your life!
Tear down the walls
Wake up - Fight back - Demand your life!
Self - Defence is no offence!

Self - Defence is no offence!

So what!

Fuckin' what!

Blind leading the blind

We're puppets in our life

Deep inside it's growling in my head

Why can't I win in this fuckin' game called life?

It is sad - Sad but true!

Life's sicker than you thought

So get up and face the facts

Keep fighting if you have failed

And one day the shit will end - My friend

Tear down the walls

Wake up - Fight back - Demand your life!

Tear down the walls

Wake up - Fight back - Demand your life!

Self - Defence is no offence!

Self - Defence is no offence!

So what!

Fuckin' what!

Self - Defence is no offence!

Self - Defence is no offence!

Self - Defence is no offence!

Self - Defence is no offence!
