I've grown colder
Than any other stone turned
That any road crossed on my way

I've grown colder
Than earth under foot
The wind at my back
No scout or crook

I've grown colder
Just like your father
And his father before
Through the endless storm

I've grown colder
Than I ever was
Beyond my beliefs
Will this ever seize?

It's begun, choose your home
You are no exception
I don't wanna be another dead man breathing

Cold!
I've grown colder than I ever was before
Cold!
Now all I see are dead men breathing

For those who once rejoiced (I've grown cold)
For those who fear and hated (I've grown cold)
Who can't escape their grave (I've grown cold)
Don't wanna be another dead man breathing

I've grown colder
Than the mercy of who's looking down
Upon the silent graves of those who be wipsit
I've grown colder
Than all those who wasted trust
Opening the gate without acknowledging the cost

It's begun, choose your home

You are no exception
Escape, now show yourselves a better man screaming
It's begun, looking down
Don't deny the instinct
I don't wanna be another dead man breathing

Don't wanna be another dead man breathing
Of course I'll fight til my eyes stop spinning out
Until my eyes stop spinning

It's begun, choose your home
You are no exception
Escape, now show yourselves a better man screaming
It's begun, looking down
Don't deny the instinct
I don't wanna be another dead man breathing
