Let's go

Live for this, live, live  
Live for this  
Live for this, live, live  
If you don't live for something, you'll die for nothing

Through the best and the worst  
The struggle and sacrifice  
For the true who've remained and the new blood  
Motivation, undying allegiance  
Striving through the hardships and affliction

Every drop of blood, every bitter tear  
Every bead of sweat, I live for this  
Every drop of blood, every bitter tear  
Every bead of sweat, I live for this

Every drop of blood, every bitter tear  
Every bead of sweat, I live for this  
Every drop of blood, every bitter tear  
Every bead of sweat, I live for this

Live for this, live, live  
Live for this  
Live for this, live, live  
If you don't live for something you'll die for nothing

What we have are not possessions we own  
It's not weighed by greed or personal gain  
This is real a desire for freedom  
A place apart from a world in abandon

Every drop of blood, every bitter tear  
Every bead of sweat, I live for this  
Every drop of blood, every bitter tear  
Every bead of sweat, I live for this

Every drop of blood, every bitter tear  
Every bead of sweat, I live for this  
Every drop of blood, every bitter tear  
Every bead of sweat, I live for this

Live for this, live, live  
Live for this, live, live  
Live for this, live, live  
If you don't live for something you'll die for nothing

Live for this, live, live  
Live for this  
Live for this, live, live  
I live for this

Every drop of blood, every bitter tear  
Every bead of sweat, I live for this  
Every drop of blood, every bitter tear  
Every bead of sweat, I live for this

Every drop of blood, every bitter tear  
Every bead of sweat, I live for this
