What becomes as rage saves his life  
Rise in demise, that what you're sworn to abide  
Quoting the lifeless bitches, wouldn't buy time  
Strangled by shackles in the coldest nights

Nothing you say scars me anymore

Nothing scars me!  
Nothing scars me!  
Nothing scars me!  
Nothing fucking scars me!

Nothing scars me!  
Nothing scars me!  
Nothing scars me!  
Nothing fucking scars me!

Reminding acceptance  
What matters I'll never control  
So save me your venom  
Your time is rebellion  
Saving what's left of your soul

You told me no one's ever said  
You shown me who was hopelessly but wrong  
Some things just never came to pass  
Those needless tears are gone

You'll never scar what's inside  
No other one who decides

Reminding acceptance  
What matters I'll never control  
So save me your venom  
Your time is rebellion  
Like saving your soul

You'll never implore this  
Taking and taking yourself  
It's no way from the hole  
You'll never take the pieces

You tried to hide them, now this time's inside them

Nothing you say scars me anymore

Nothing!  
Nothing!  
Nothing!  
Nothing fucking scars me!

Nothing scars me!  
Nothing scars me!  
Nothing scars me!  
Nothing fucking scars me!

Nothing scars me!  
Nothing scars me!  
Nothing scars me!  
Nothing fucking scars me!

Nothing scars me!  
Nothing scars me!  
Nothing scars me!  
Nothing fucking scars me!

Nothing scars me!  
Nothing scars me!  
Nothing scars me!  
Nothing fucking scars me!

Nothing you say scars me anymore
