Bastard cries  
Feed the fire  
The burning desire  
To rob human life

In this world full of fear of the unknown  
Twisting the perception of the weak  
Lying to progress  
Only achieving greed, yeah

Seated behind the sun  
Myths bleed into one  
Searching for a savior to lead us  
Through this life where our sanity is undone

Killing against our will  
Killing for the bastard maker  
The fairy tale  
The non existent creator

Salvation so bittersweet  
The taste brought fear to our tongues  
Preying on the weak  
Fatherless creation

Encased in the depths  
Of humanity  
They continue to rape  
And call it purity

I will not bow down  
Because of our past

I see now mankind  
Was not meant to last

Killing against our will  
Killing for the bastard maker  
The fairy tale  
The non existent creator

Salvation so bittersweet

The taste brought fear to our tongues  
Preying on the weak  
Fatherless creation

Encased in the depths  
Of humanity  
They continue to rape  
And call it purity

I see now mankind  
Was not meant to last
