Maniac

A birth that came without a sound  
Rages on from town to town  
A giant grows more every day  
And now the maniac is here to stay

A feeling you can't kill  
It's the power, it's a will  
Controls your thoughts but you can't see

Just when you thought it safe he suddenly appears  
He feels no pain, he has no mercy or no fears  
He gives the message and your mind is filled with blue  
And now the maniac lives in you

He's back, the suicidal maniac

Each day he grows more and more  
He's bigger now than ever before  
His thoughts he'll compromise on never  
He can't be stopped, he'll live forever

Blast away through the mind  
A power of another kind  
A presence that is growing out of sound

And now it's come, the time the maniac I'll meet  
He takes my hand and now I bow down to his feet  
His love for me is like a father to a son  
And now the maniac and I are one

I bow to his might  
Too powerful to fight and it's my destiny  
Now the maniac lives inside of me

He's back, the suicidal maniac

An army at his command  
A strength that you can't comprehend  
A force unknown can now be told  
The power of the world he holds

A feeling you can't kill  
It's the power, it's the will  
Controls your thoughts but you can't see

Just when you thought it safe he suddenly appears  
He feels no pain, he has no mercy or no fears  
He gives the message and your mind is filled with blue  
And now the maniac's a part of you

But now the time has come, the maniac you'll meet  
He takes your hand and now you bow down to his feet  
His love for you is like a father to a son  
And now the maniac and you are one

He's back and he's a suicidal maniac
