I am a love & hate alloy  
Contradictory combination  
Of black & white, pain & joy  
The real yin-yang incarnation

I want to live my own way  
I try to break the usual rules  
But I feel myself like a toy in play  
Of hands are pulling my threads

My voice as quiet as a rustle  
But louder than mortar shot  
A dot in huge human blot  
Seething with sins & vices

Like unstoppable maniac  
I'm rushing in vain fight  
It's better than be obedient  
Pig in butchery

[Chorus (x2):]  
I scream: There is no freedom here!  
I blame them all & rise from mud  
They say that I'm a cynic  
No, I'm rebellious heart!

So many cravens among us  
They got water in their veins  
They have no pride but humility  
Ugly souls, rotting minds!

Hear! They shut ears up  
See! They hide their eyes  
Why are you so mute?  
No protest, obeying slaves.

Detail of this chaotic machine  
Maybe it's my destination  
Like many others doomed to be  
Pawns of someone possession

We will mount barricades

Clenched fists, fiery eyes  
Obsolete foundations will fall  
Under our rage!

[Chorus x3]
