beware for lust  
can't you see it brings misery?  
start chasing your dreams  
get a life  
aint that what you want?  
you better believe it

you thought about quitting all  
just waiting to take the fall

who would you blame for leaving this earth?  
when you've felt like this since your birth  
losing your self-esteem  
waiting for life just to end  
your living is too extreme

you thought about quitting all  
just waiting to take the fall

somebody told you you were useless  
that's where your own world drown  
no one knows who you are  
now just stay down for good

you've tried to hide your best  
it sucked, so fuck the rest  
it made no sense to me  
why is it that you can't see  
you wanted to be alone  
you wanted to be left alone

take your life  
there's no point in waiting  
take your life  
just get the job done

you're so low
