If I was down to this earth  
I would have been a part of this brainwash

They never waste any time  
Nothing was simple any more  
You told me to stay  
But I had no time at all

Our bizarre romance was lost  
No real life, imaginations  
You can keep on dreaming  
I was never here at all

Our bizarre romance was lost  
No real life, imaginations

You can keep on dreaming  
I was never here at all

If I was down to this earth  
I would have been a part of this brainwash  
If I was aware of my life  
I would have been a part of this story
