To my exposed self.
In the rain of disappointment.
You came close to me.
You said you loved me.
Like a miracle.
The world shined a light.
I relied on hope and threw away everything.

Your laughing, singing, dancing, marionette.
You said you wanted me; Where is that self now?
Pull and pull; pulling my lose threads.
I kissed your illusion.
Hug me, Hug me- Hug me until I break.
If I do break, throw me away.
With all your lies, you have no words to say.
Your feeling is no longer here.

To me, who had no reason to live.
You showed me,
Joy, happiness and hope.
The darkness that covered me is now gone.
The lenses reflected a shiver of light.

Love; the love deprived marionette you so wanted.
You said you wanted me; Where is that self now?
I can feel heat through the long strings.
I wanted to be one with you.
Pull, pull; pull me till I break.
I want to feel your presence.
I can not see your lie drenched face.
I can't remember your smile.

Sadness is slowing building up.
Love and hate for you; overflowing.

Your laughing, singing, dancing, marionette.
You said you wanted me; Where is that self now?
Pull and pull; pulling my lose threads.
I hug your illusion
Hug me, Hug me- Hug me until I break.
If I do break, throw me away.

With all your lies, you have no words to say.
Your song is no longer here.
