Music Jensen lyrics JensenDolving
Two and twenty for the hole in you. A meat cleaver
comb to run you
Through. Lethal gas will make you cough. A car crash
scene to finish it
Off. Pain! True definition-Truth is pain-Truly addicted.
So don't you
Worry about your earthly rest, I'll dig the fucking hole
myself. Pain!
Truly addicted-Life is pain-I am addicted-to this
painHate song!(I live
To bury you)Stabbing and shooting and ripping the life
out of you. I get
Off and I wish that you could too! Open chest tickle will
quiver your
Bones. Just lay back and chill. cos I run this show. Pain!
Truly
Addicted-Life is pain-Life is infected-by this painHate
song!(I live to
Bury you)There's no need to explain, you know who you
are. I deliver the
Pain, I'm the baddest by farDie onehundredthousand
times, One million
Ways toHate! Hate! Hate! Hate! Hate! Hate! Hate!
Hate! Hate! Hate song!
Lifelong! Hate song!
