I know I told you
But I dole out excuses
Get home just as soon as I can
It'll be alright

But I mean it, gotta believe it
You're still my daylight and my evening, girl
And I'll see you tonight
Sunday drive, girl let's get out tonight

Yeah, the tunes on the stereo
Make me wish I was home
Feeling like a leg is missing
It's ball & chain

Yeah, the tunes on the stereo
Make me wish I was home
And it seems cliché to love you
For hating me being away from you

If I said it, would you regret it?
Knowing I'll want you more
Every day we're apart
But we'll be just fine

So I'm jealous of the fellas
Who get close enough to share
The air you breathe but tonight you're all me
A Sunday drive, girl let's get out tonight

Yeah, the tunes on the stereo
Make me wish I was home
Feeling like a leg is missing
It's ball & chain

The tunes on the stereo
Make me wish I was home
And it seems cliché to love you
For hating me being away from you

Girl, you don't have to cry
Just bite your lip and sigh

Don't turn out your light

Yeah, the tunes on the stereo
Make me wish I was home
Feeling like a leg is missing
It's ball & chain

The tunes on the stereo
Make me wish I was home
And it seems cliché to love you
For hating me being away from you
But I do
