Couldn't turn round for days  
Talking about what you changed  
Learn to live, you're not alone  
Take your time, and it will come and die  
Don't know when

Beautiful things don't die  
See it take your hand  
Beautiful things don't die

Remembering all you said  
How that you wish you were there  
Learn to live, you're not alone  
Take your time, and it will come and die  
Don't know when

Beautiful things don't die  
I see it take your hand  
Beautiful things don't die

Learn to live, you're not alone  
Take your time, and it will come and die  
Don't know when

Beautiful things  
Beautiful things  
Beautiful things  
Beautiful things  
Beautiful things  
Beautiful things  
Beautiful things
