I see it clearer now
Only shadows are left behind
Looking for redemption
For something they call a crime

Some say they can see it
Some they still are blind
Some say they can see it
Some they are blind

Change my direction
Find a new place to hide
The light stole my reflection
Change my direction
Find a new place to hide
The light stole my reflection

Saw my path so clearly
And I knew it from the start
It's easy to live with what you're told
When you see it circling the top

Some say they can see it
Some they still are blind
Some say they can see it
Some they are blind

Oh well I change my direction
Find a new place to hide
The light stole my reflection
Oh well I change my direction
Find a new place to hide
The light stole my reflection

Well I change my direction
Find a new place to hide
The light stole my reflection
Well I change my direction
Find a new place to hide
The light stole my reflection

The light stole my reflection
Light stole my reflection
