Of all the times we've spend
None have been so perfect
Well last day parting breath
Just want some for the ending

There's still tonight, tonight, tonight
There's still tonight, tonight, tonight

No reason to be sad
Only serves to break me
The timeless tale won't end
Just grows with inner memory

Of all the times we've spend
None have been so perfect
Well last day parting breath
Just want some for the ending

There's still tonight, tonight, tonight
There's still tonight, tonight, tonight

Has it changed somehow?
Has it changed just now?

There's still tonight, tonight, tonight

Of all the times we've spend
None have been so perfect
Well last day parting breath
Just want some for the ending

And the words you throw at me
Don't make no sense
And your eyes are telling me
Something else tonight

Tonight, tonight
There's still, there's still
There's still, there's still
Tonight, tonight, tonight

There's still tonight, tonight, tonight

There's still tonight, tonight, tonight
There's still tonight, tonight, tonight
Tonight, tonight
